IT STARTS WITH SCOUTS

It's a world of simple pleasures, fun and stories shared around a campfire. A world of wonder and learning from all that the outdoors can teach us. A world where young people can discover the best in themselves, and the best in each other. A world where kids can be kids, there is time to play, and life is never, ever boring.

This world of adventure, pure joy and fun lasts for years...and it all starts with Scouts.

Remember camping, canoeing, games and fun when you were in Scouts? Remember the friends you made; the frog in your sleeping bag ...when there was time to splash in a lake...climb a hill...roast a marshmallow until it's black...and time to just be.

Right now, over one hundred thousand young people from five to twenty-six, and adult volunteers are experiencing this same magic in communities across Canada. And the exciting news is: Scouting is growing again. It's a perfect time to be part of the new Scouting... and for your kids to enjoy the simple, pure fun of just being a kid.
